

VULCAN HD 20

Heavy-duty, highly functional round utility trash cans are designed to withstand the harshest environments

- Rotationally molded for increased durability and strength in critical stress points, built to last for years
- Fully molded rim provides increased strength and is resistant to crushing unlike conventional injection molded containers with pleated ribbing reinforcement
- Ergonomically contoured base and lifting handles provide full gripping power for balancing loads when emptying containers while also reducing strain
- Skid strips prolong the life of the can when dragged across rough surfaces
- Integrated venting channels eliminate bag suction when removing trash liners
- Nestable for easy transport and storage
- UV inhibitor ensures long life and guarantees no fading, cracking, or warping
- Optional dolly adapter insert for use with universal wheel dollies
